Hello, We keep it pretty simple while we are at the cabin. Food for our family of 6 would be our biggest cost ☺ - but we would have to feed them regardless of whether we are on vacation or not. This would be an approximate estimate:

\$75 on parking in park

\$800 on food

\$300 on restaurants/eating out/treats in town

\$75 gas while at the cabin

\$150 on souvenirs/gifts

Sometimes we do a museum or attraction which could be \$50-75

\$1400.00 / \$100. Daily.

Other expenses for us to get to and from Tobermory:

\$200 for the ferry

\$500 for 2 hotel nights

\$300 on gas

\$250 on food while driving
